Francotyp-Postalia acquires Azolver – Reasonable acquisition strengthening FP's core business in Northern Europe, Switzerland and Italy

Our conclusion

- Francotyp-Postalia (FP) has agreed with Azolver Holding GmbH to acquire all shares in the operating companies of Azolver. Closing is scheduled on 23 March 2022. With this acquisition, FP expands its position in the Mailing, Shipping & Office Solutions market in Norway, Sweden, Finland, Denmark, Switzerland and Italy.
- Based on currently published information, this acquisition looks in our view very attractive for FP. The acquired companies generated in 2021 revenues of approximately EUR 30mn and EBITDA of approximately EUR 3.8mn according to preliminary figures. With a purchase price "in the lowest double-digit million euro range", the Azolver acquisition should be clearly value creative for FP, in particular considering synergy effects and Azolver's IT competence (i.e. software solutions for asset tracking and parcel shipping). Azolver's technology and service center (in Estonia) including finance, customer support, IT and software development will facilitate the transformation of the whole FP Group.
- We are therefore confirming our Buy rating for FP. We are confident that FP could fully realize its guidance for 2021 (EUR 198-201mn sales and EUR 17-18mn EBITDA). Figures for FY21 will be published on 28 April. We are still expecting strongly increasing results for 2022 and 2023, now also supported by the Azolver acquisition. Therefore, FP's valuation looks very attractive.

Facts & Analysis

- Azolver focuses on mailing hardware (franking machines), and offers also software solutions for asset tracking and parcel shipping. Currently, Azolver's distribution markets are Norway, Sweden, Finland, Denmark, Switzerland and Italy. In addition, FP will acquire a fully integrated technology and service center in Estonia and logistic facilities in Belgium.
- The purchase price is an amount in the lowest double-digit million euro range, which includes freely available cash in the upper single-digit million euro range. The acquisition is financed predominantly from available credit lines within FP's syndicated loan agreement. The remaining part is financed from FP's own cash positions.
- At the same time, to clarify its business areas, FP renames the business area "Franking & Office Solutions" into "Mailing, Shipping & Office Solutions" and the business area "Software & Business Process Automation" becomes "Digital Business Solutions".
