Advanced Automatic Feeder

PostBase™ Vision 9A embodies a modern, award winning design that integrates perfectly into any office environment.

With it's advanced automatic 'anti-skew' feeder, the PostBase™ 9A is the most powerful machine in the range, processing 85 letters per minute.

It is as functional as it is stylish. Meticulously engineered with users in mind, this mailing system is intuitive and simple to use with a large colour touchscreen so that any operator can process mail with ease.

Vision360

Connect straight to your customer portal, MyFP™ and manage your PostBase™ Vision 9A machine from wherever you are.

MyFP™ allows you to run real time reports with Vision360 on postage spend by cost account, helping you keep on top of postal expenditure.

Office integration

PostBase™ Vision 9A is available in 5 designer colour options to integrate into your office perfectly.
