PostBase Vision M2
Stay Connected & Deliver Excellence!

PostBase Vision M2

The modern franking machine - compact, fast and Wi-Fi connected

PostBase Vision M2 - the must-have for start-ups, freelancers and all offices, who value professional letter communication.

Designed for small mail volumes - up to 30 letters a day - the PostBase Vision M2 is the perfect introduction to machine franking. No more sticking stamps! From now on, postage is available at any time. And an individual advertising cliché on your business mail strengthens your image as a professionally operating company.

PostBase Vision M2 uses MailMark Extra and saves you up to 33% in postage.

Introducing **WLAN Connectivity** for Seamless Access and an **Enhanced Touch Screen Display**

Professional Advertising Placement
Advertising slogans or text banners to give your letters a professional look.

Just one touch of a button
No confusing buttons or keys, simply press a single button, and the large 5" touch display instantly shows the start screen.

Intuitive on-screen navigation
The 5" colour touch screen display puts accessibility and shortcut customisation right in your hands.

Integrated measurement scale
Weigh up to 2 kg documents or parcels to ensure consistent Royal Mail postage rates for precise accounting.

Onscreen monitor display
Experience the 5" touch screen glare-free view, with adjustable screen tilt between 0° to 35° and screen display customisable settings.

NEW

Easy-to-use
Simply switch it on and you will be guided through the menu. Select product, insert letter, done! With postage credits available, your mailing process fits within your schedule 24/7.

Save money and time
Franked mail unlocks postal discounts, saving you money over stamped mail. Save up to 30% with Mailmark extra.

Multi-Connectivity
No matter whether wired or using the integrated WiFi connection, your system is always online and therefore up-to-date.

Psst ...
Thanks to new technology, the PostBase Vision M2 works so quietly that it really doesn't disturb anyone. The quietest machine in its class. So it fits into any office environment.
