

## You're Invited! Biograph mMR Open House

**It's the first system that can perform  
simultaneous whole-body MRI and PET**

Now, 3T MRI and cutting-edge molecular imaging come together in a single system. Biograph mMR is the world's first simultaneous, whole-body molecular MRI. By acquiring MRI and PET data simultaneously, Biograph mMR captures metabolic and functional processes at the exact same time for a precise and accurate assessment of disease.

Offer your patients the convenience of one exam — and you'll get faster, precise results.

**Join us at our OPEN HOUSE  
to learn more about Biograph mMR**

**DATE • TIME  
ABC Imaging Center • 000-000-0000**

**SEQUENTIAL *IS NOW*  
SIMULTANEOUS**
