

MRI and PET are one.

Simultaneous MRI and PET
scanning with a 3T magnet

Fast exams

More complete
diagnostic picture

Lower radiation dose than
some other imaging exams

Biograph mMR

Now showing at our
**OPEN HOUSE: PET and
MRI scanning across the
body in ONE exam.**

It's the first system to perform
simultaneous, whole-body MRI
and PET exams. Biograph mMR
provides faster results and
a more comprehensive image
for you, and one exam and
a more confident diagnosis
for your patients.
