

Get faster MRI and PET
results in one visit with
Biograph mMR

**2 exams
in 1**

Now available at ABC Imaging Center
Townsville — 800-000-0000
www.abcimaging.com

Do you need an MRI and a PET exam?

Biograph mMR makes it simple to have both exams in just one visit. It's the world's first system that performs simultaneous, whole-body MRI and PET scans. That means you only need one appointment instead of two — and you may wait less time for the results.

Your doctors will also get a more complete picture of your body's internal structure and cellular activity, thanks to Biograph mMR's precisely aligned images. Biograph mMR makes it all possible with a lower radiation dose compared to some other imaging exams.

The new 2-in-1 Biograph mMR is now available at our center. Ask your healthcare providers about it today!
