# There are times and places to take risks.

Your medical facility is not one of them.

Move beyond basic ultrasound with the ACUSON P500 ultrasound system, FROSK edition.

## Don't take risks with clinical confidence.

Your veterans and service members don't come in with a diagnosis, they come in with symptoms—a wide range of them. It's up to your staff to make the right call, each and every time to minimize the risks of misdiagnosis and improper treatment.

Achieve reliable consistent imaging with the ACUSON P500™ ultrasound system, FROSK edition. The adaptable, hand-carried ultrasound system delivers robust high-end imaging technology in a compact notebook, enabling fast point-of-care imaging.

The easy-to-use system provides benefits including:

- Perform imaging in many clinical settings.
- Maximize flexibility with both touch-screen technology and hard-key controls.
- Improve efficiency. The clear user interface is easy to learn and operate.
- Be protected by a 5-year standard warranty.

## Adaptable, flexible, and durable, the ACUSON P500 FROSK.

Provide veterans, service members, and their families with fast, accurate diagnosis the first time with the portable, reliable P500 ultrasound imaging system. The compact system can be easily carried and positioned in almost any clinical environment and provides features such as:

- Highly sensitive touch-screen display with advanced infrared technology for improved accuracy and flexible gesturing including fingers, gloved fingers, or stylus.
- Clear removable protective skin provides a layer of defense against control panel damage caused by liquids and other fluids.
- 30-second boot-up time means you don't have to wait to get started.
- Industrial design allows for rigorous day-to-day use and easy storage.
- Battery option: offers 60 minutes of scanning time.

**Siemens Customer Service** is your reliable partner ensuring expert service, application support, and logistics for same-day parts delivery.

**Siemens Remote Service** offers an advanced infrastructure for faster response and software updates.

On account of certain regional limitations of sales rights and service availability, we cannot guarantee that all products included in this brochure are available through the Siemens sales organization worldwide. Availability and packaging may vary by country and is subject to change without prior notice. Some/All of the features and products described herein may not be available in the United States.

The information in this document contains general technical descriptions of specifications and options as well as standard and optional features, which do not always have to be present in individual cases.
