

FlexForce Coach

Delivering lasting value with industry expertise, standardization, and increased satisfaction

When it comes to addressing healthcare challenges, like standardization of care protocols among multiple staff and locations, improving workflow efficiencies, and increasing patient satisfaction, healthcare organizations need flexible and innovative approaches to get the most out of their imaging systems and workforce to drive positive outcomes.

FlexForce™ Coach from Siemens Healthineers is the industry's most comprehensive staff development and training solution that delivers lasting value through industry expertise, personalized to meet your needs today and into the future.

FlexForce Coach addresses today's healthcare challenges with a plan tailored to your department's specific needs and goals.

- On-site expert trainer with 6,000+ hours of modality-specific education and experience
- Siemens Healthineers-certified performance coach training
- Project management training
- Personalized curricula aligned with organization goals
- Quarterly progress reports
- Flexible engagements, from 6 months to several years

Improve patient satisfaction
