

PEPconnect

Your smarter connection to knowledge in digitalizing healthcare

To meet the requirements of value based reimbursement, you have to provide high quality patient care. Staying ahead of new methods and technologies within your workforce increases your reputation as a cutting-edge employer and can enable you to bring patient care to the next level. Increase knowledge and skills with a competency-based online education platform that offers instant access to performance support and expertise.

- **Explore engaging learning activities** – including e-learnings, webinars, job aids, videos, virtual classrooms, and more
- Create your own **virtual learning experience** with an **individual profile, education plan and transcript** to record your training and subscribe to services and content with Virtual Wallet points
- Benefit from the online network of professionals and **connect, communicate**, and be part of **social learning groups**

Increase knowledge and skills with instant access to performance support and expertise.

My Education Space

Discover the broad portfolio of technical, clinical and operational education
