

ACUSON Family

# Expanding the vision of ultrasound

# Solutions for every need.

Siemens Healthineers is ushering in a new era in ultrasound, dedicated to providing imaging that enables early detection, diagnosis, and timely treatment. From cutting-edge transducer technology to intuitive workflows, listening to users guides our vision forward to give you the most advanced, high-performance imaging technology to best meet the needs of you and your patients.

## **ACUSON Sequoia**

### **Taking ultrasound to new heights**

Our flagship ultrasound system sets the benchmark in image quality, color sensitivity, and advanced imaging capabilities to serve a variety of body types and optimize the diagnostics experience. ACUSON Sequoia received the Red Dot Award for system design.

**As low as \$1,999 per month<sup>1</sup>**

## **ACUSON Redwood**

### **Pushing the boundaries of performance and value**

Offering exceptional imaging, advanced applications, and portability, ACUSON Redwood provides excellent clinical performance and greater workflow efficiency against the restraint of tight budgets.

**As low as \$1,399 per month<sup>1</sup>**

## **ACUSON Juniper**

### **Everything you need, nothing you don't**

Our most versatile ultrasound system, ACUSON Juniper, is a high-performance, shared service system that consistently delivers high-quality images to virtually all patients, making care more affordable.

**As low as \$999 per month<sup>1</sup>**

<sup>1</sup>Payments are based on a 60 month FMV and may vary based on system configuration, current market rates and customer creditworthiness. All financing is subject to SFS credit approval.
