(Battle of the Departments)

**We are also available for support during the goodie bag pickup times. On Thursday, we aim to have students from different programs who can help with the more tricky questions.*

This is our mascot, Nippes. Nippes says: Welcome, friends! Have a great start!

Welcome @ KuWi ♥

KuWi is short for Kulturwissenschaftliche Fakultät, German for „Cultural Studies Department“.

If you study a subject such as:

African Studies Kultur und Gesellschaft
Educational Science Philosophy & Economics Sports
Sociology Religious Studies
Anthropology Philosophy & Computer Science
History

... you're part of KuWi @ Uni Bayreuth.

At **Fachschaft KuWi**, we are the **student representatives** for all students of the department. You are welcome to join our events and **get involved**, regardless of:

Your level of study
Whether you speak German
Where you're from
Your identity, who you love, etc. etc.

Together with you, we organize events such as the welcome events featured on the other side of this flyer. We represent the KuWi students at the department and university levels, we provide support and a place for your concerns and ideas. We'd be glad to see you join one of our meetings*!

Do not hesitate to contact us in person or via:

**Wednesdays, biweekly starting 14.10., in our room in GW II*
