Step 2: Go to *Configure Time Table* tab:

The screenshot shows the 'Configure Timetable' interface for HFN. The top navigation bar includes 'Deutsch', 'Login', and 'Help'. The main area features a sidebar on the left with a 'Semester' dropdown set to 'SS 2018' and a list of course categories (AE, AI, AM, ASE, BK, BM, BS, BU, EL, EM, EOE, ESE, ET, HM, IBO, MAC). The main grid displays a weekly schedule from Monday to Saturday. The 'Configure Timetable' button in the top navigation bar is circled in red. The grid shows various courses with their IDs, names, and lecturers, such as 'A412 Mathe 1 (304011)' and 'E219 Grundl Dig (304032)'. A 'Last Update: 23/03/2018 11:02' timestamp is visible at the bottom of the grid.

Step 3: Select your degree program, eg. ASE

Step 5: Click on the courses that you would like to take and the time and day will be added to the schedule:

The screenshot shows the 'Timetables HHN' interface. On the left, under 'Chosen Lectures (14/20)', a list of courses is shown with checkboxes. A red arrow points from this list towards the schedule grid. The grid displays a weekly schedule from Monday to Friday, with time slots from 8:00 to 18:00. Courses are color-coded: green for weekly courses, blue for every 2 weeks, and yellow for special events. The 'Export' section includes options for Print View, PDF File, and iCal Link.

Step 6: Pay attention to the colors of each course
 Not all courses are offered on a weekly basis. The color indicates what type of course it is.

This screenshot is similar to the previous one but includes a 'Color Scheme' legend on the left. The legend lists course frequencies and their corresponding colors: Weekly (green), Every 2 Weeks (blue), Every 3 Weeks (red), Every 4 Weeks (orange), Special Event (yellow), Holiday / Vacation (light blue), and Exam (pink). A red arrow points from this legend to the schedule grid. The 'Remarks' section contains a note about registration requirements. The 'Export' section includes 'Stay Informed / Save'.
