

TopTechnology

TectoPromo SV2 Deli & TectoPromo MD3 Deli

Energy efficient impulse cooler for food and beverages

More sales from impulse purchases

TectoPromo SV2 and MD3 Deli impulse plug-in coolers are ideal both for hand-crafted delicacies and high volume, fast-moving products. TectoPromo SV2 Deli is a diverse cabinet series that slots into any retail store size or format. Several cabinet models can be used individually, lined up together and 'multiplexed' or arranged as an island to promote impulse shopping. Combination of ambient and refrigerated units create more touch points for shoppers leading to increased sales.

Energy-efficient cooler

TectoPromo SV2 Deli cabinets are excellent when it comes to combining temperature performance and energy efficiency. Life cycle costs can be cut down with TectoPromo SV2 and MD3 Delis' energy-saving features such as low-energy fans and energy saving trim kit. Refrigerant R290 on the TectoPromo SV2 Deli model makes it energy efficient as well as a good investment saving up to 15% compared to hydrofluorocarbon models.

Technical specifications

TectoPromo SV2 Deli

Model	TectoPromo SV2 Deli 60	TectoPromo SV2 Deli 90	TectoPromo SV2 Deli 90-e*	TectoPromo SV2 Deli 120
Body colour	Grey or white	Grey or white	Grey or white	Grey or white
Inner body	Galvanised steel	Galvanised steel	Galvanised steel	Galvanised steel
External length (mm)	600	880	880	1200
External depth (mm)	660	660	660	660
