SYNOPE

Fast, Fair and Flexible

SYNOPE is a peer-reviewed open access journal reporting current research results in chemical sciences in full paper, letter, and graphical review format.

3 reasons to publish in SYNOPE

- **FAST:** SYNOPE uses a new peer review method called Select Crowd Review. This method ensures a fast as well as high-quality reviewing process.
- **FAIR:** Articles are published open access; excellent editorial service comes with a personal touch.
- **FLEXIBLE:** SYNOPE covers all fields of scientific endeavor that involve organic synthesis and offers a variety of formats for publication.
