TectoSystem Launch Edition

Now available with the new TectoCore refrigeration unit made by Viessmann.

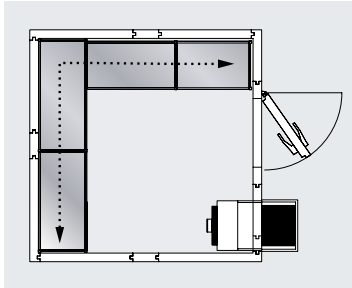

The new version of the TectoSystem Launch Edition comes as a bundle featuring the following standard equipment: a light switch with indicator light, a thermometer, an LED door frame light, a magnetic sealing frame, and a pressure equalisation valve.*

The cold room bundle for the specialist trade, featuring the TectoCore refrigeration unit and a shelving system. Proven Tecto quality, Made in Germany.

Key Benefits

- + Optimal room sizes in two different heights, with wall thicknesses of 80 mm and 100 mm.
- + Temperature range from 0 °C to +15 °C (chiller) and -25 °C to -5 °C (freezer).
- + SmartProtec® antimicrobial powder coating to effectively prevent microbial growth.
- + Fully hygienic stainless steel floor, slip resistance rating R11 (1600 N/wheel), with underlapping floor joints.
- + Package price includes a RegaAlmo shelving unit with 3 solid shelf inserts.
- + Utilises the natural refrigerant R290.
- + The TectoCell and TectoCore set components are manufactured in Germany.

* For a 100 mm wall thickness: additionally includes a door frame heater, a heated pressure equalisation valve, and 30 mm underfloor ventilation panels.

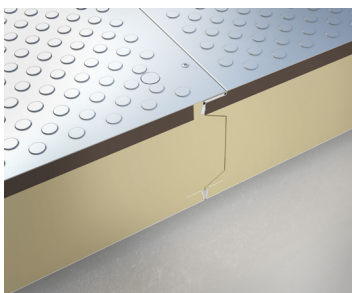

Example shelving configuration

Wall-mounted refrigeration units

- + Room height 2110 and 2150 mm: Clear door opening 600 x 1800 mm (Package 1: 1800 x 1500 mm)
- + Room height 2410 and 2450 mm: Clear door opening 600 x 2000 mm (Package 1: 1800 x 1500 mm)

The refrigeration unit must be included in the on-site risk assessment. If necessary, additional measures (e.g., mechanical ventilation) must be implemented prior to commissioning. The door is located on the wide side. The refrigeration unit is positioned to the left of the door. Please specify the required door hinge side (DIN right or left) when placing your order. Subject to technical modifications.

* Cooling capacity based on an ambient temperature of 32 °C
