

**Lufthansa Technik**

EXCELLENCE  
BEYOND  
EXPECTATIONS

# LIVE YOUR DREAM. WE CARE ABOUT THE DETAILS.

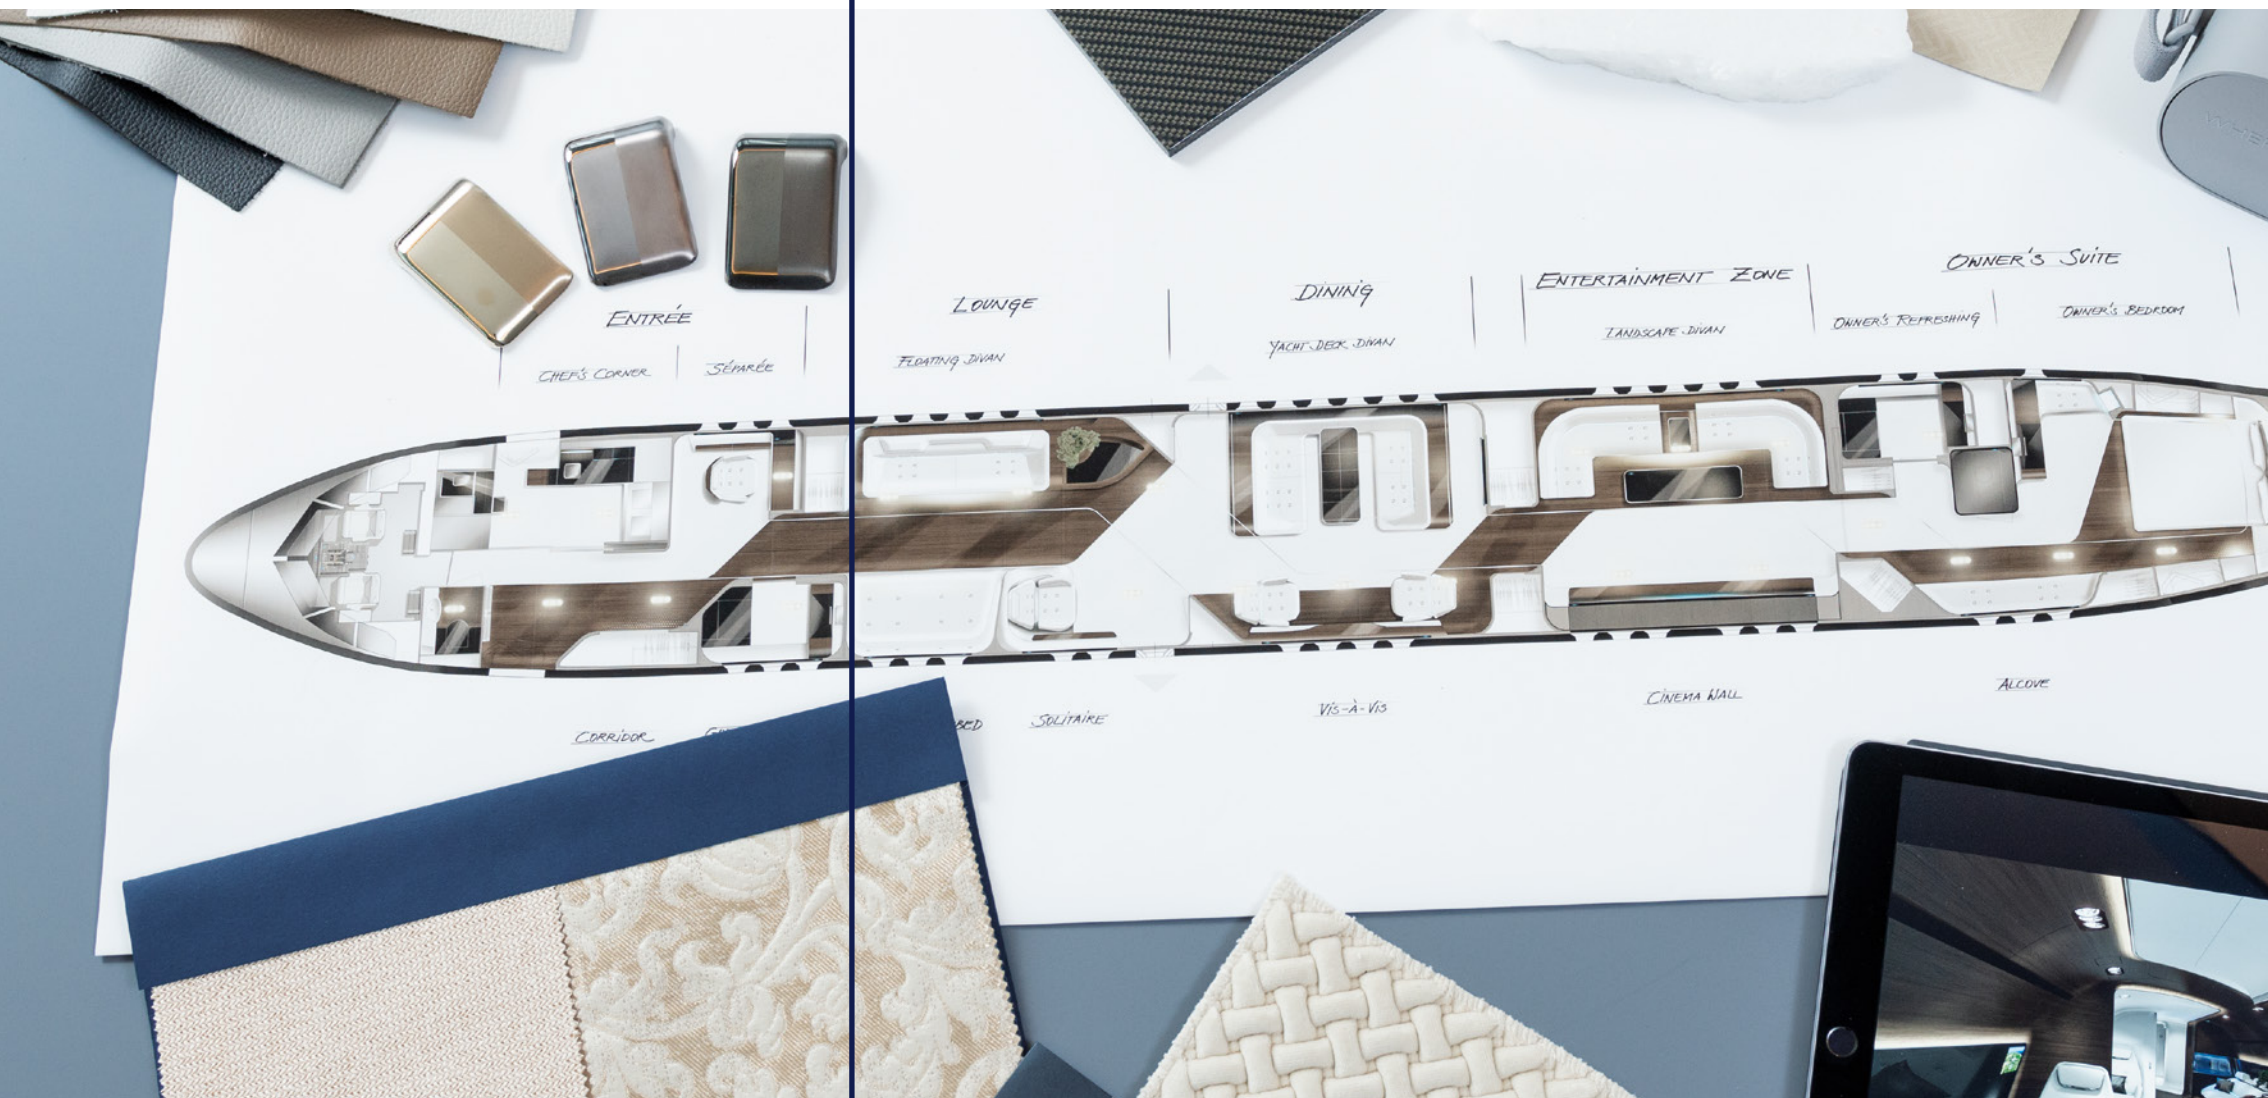

When you're planning to take to the skies, you don't want to compromise on anything less than excellence. With Lufthansa Technik at your side, you have a trustful partner offering a unique all-encompassing service portfolio. It shines in every facet of the lifecycle of an aircraft covering all aspects from acquiring to operating a private jet. This includes the knowledge gained throughout our rich history as well as our determination to support the dreams and the people who have them. While we take care of your safety, comfort, and quality, you can relax and enjoy the spirit of independence that only a private aircraft can provide.

# COME TOUCH THE SKY

Your journey to the clouds starts with selecting a private jet that best suits your needs. Share your dreams and thoughts with us, and we will make sure they are realized – with the right aircraft as a basis. As an expert for VIP, government, and special mission aircraft, we are familiar with literally any kind of narrow and widebody aircraft. And since we are a reliable and well-established partner of the aircraft manufacturers, we know exactly what it takes to turn a private jet into your very own flying dream.

# SUITE DREAMS ARE MADE OF THIS

For us, design is more than just creating a stunning cabin interior. It's about shaping a space that is all about you. About finding a unique design language that expresses your personality and complements your lifestyle. Our designers are able to create interiors for all international styles, combining art, technology and inspired original thinking. From cleanly functional to richly ornamental or even fancy cabin interiors – every design is developed with constant reference to engineering possibilities and airworthiness requirements. We make both smaller and larger spaces balanced, beautiful and uplifting. And above all, you will have everything that makes you feel at home within easy reach – even when cruising at 35,000 feet.

A close-up photograph of a hand with manicured nails stitching a pen. The pen has a green and gold patterned barrel and gold-colored metal end caps. The stitching is done with a needle and a light-colored thread. The background is a brown, textured surface, possibly leather. The text "TIME FLIES. QUALITY LASTS." is overlaid on the image in a white, sans-serif font, enclosed in a white rectangular border.

TIME FLIES.  
QUALITY LASTS.

It takes experience to translate a visionary idea into a first-class private jet. With Lufthansa Technik, you benefit from a long history of customizing cabin interiors, exceptional engineering, and excellent craftsmanship “Made in Germany”. Our facilities exceed the capabilities of every other completion center, making us the preferred choice for those seeking a customized aircraft. Every interior is manufactured with precision and passion. Maintainability and possible future upgrades are taken into consideration as a matter of course. Our cabins are designed for long-lasting pleasure: Even after many thousands of traveled miles, you will still be delighted by the quality and durability that is incorporated into every single detail.

# AIRCRAFTED FOR YOU

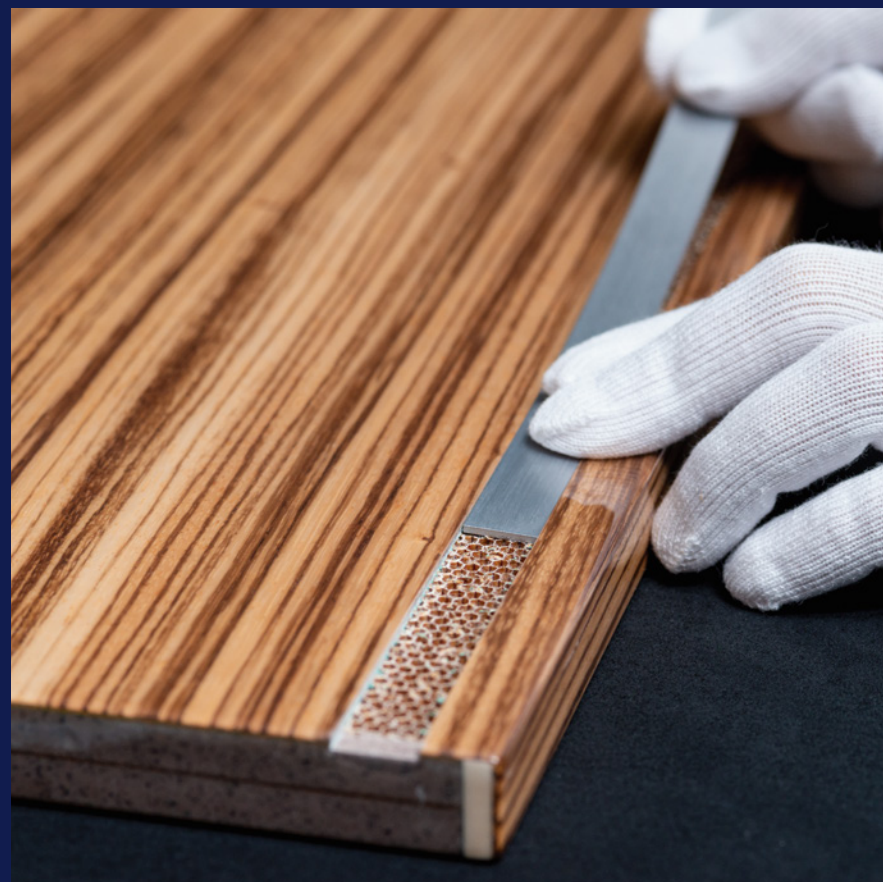

There are as many styles of beauty as there are visions of happiness. We find out which one is yours – and build it for you. Our engineers are skilled in working with both natural and artificial materials, combining traditional craftsmanship with advanced technology. Every interior element that leaves our workshop is truly unique, crafted especially for you. With Lufthansa Technik, your private jet becomes more than simply an exclusive aircraft. It becomes a work of art.

I HAVE THE SIMPLEST  
TASTES. I AM ALWAYS  
SATISFIED WITH THE  
BEST.

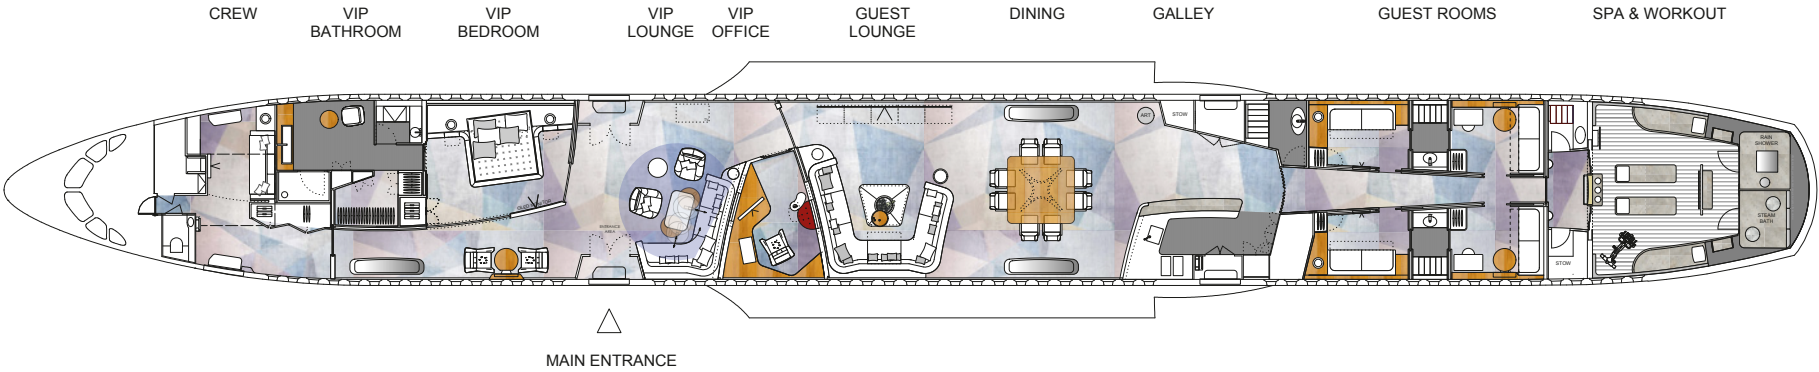

Oscar Wilde

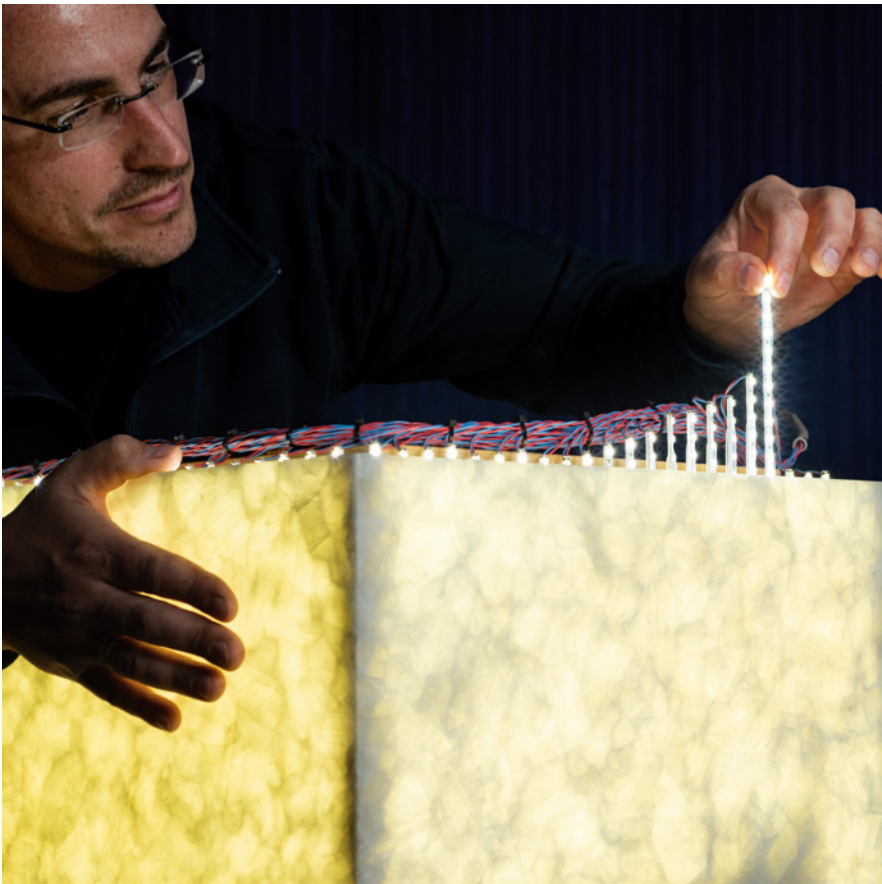

# A UNIQUE MASTERPIECE

We are dedicated to designing a cabin interior that precisely suits your requirements. With a floorplan that matches your lifestyle and needs. The possibilities are infinite. Just like the sky you are about to conquer. No matter how you prefer to combine business, privacy, and a singular approach towards health and well-being – we make sure your private travel is more relaxing than ever before.

# INNOVATING YOUR WAY

You never stop improving. Nor do we. We have an entire division of innovation experts who are dedicated to creating unique cabin experiences that move you. With every new project, they extend the boundary of what is possible a little further. You want to stream your favorite series above the clouds, or arrange an important video conference? Our connectivity solution offers rapid internet access as if you were at home. You want to experience your aircraft interior before we build it? We make your flying dream accessible for you via virtual reality. How about a personal spa above the clouds? Or wishes that have never before been put into practice? Our innovation center will always answer: If no solution for your request exists, we'll develop one.

# UP WHERE YOU BELONG

The big day has arrived: your private aircraft is ready for take-off. With us at your side, you can enjoy this special moment with complete peace of mind. Because we have already taken care of every aspect relating to the smooth entry into service. And even when operating your flying dream, we support you with every service you might need. We are always there to keep you flying – around the globe, around the clock. Lean back in your seat and let the world fly by. We'll look after the rest.

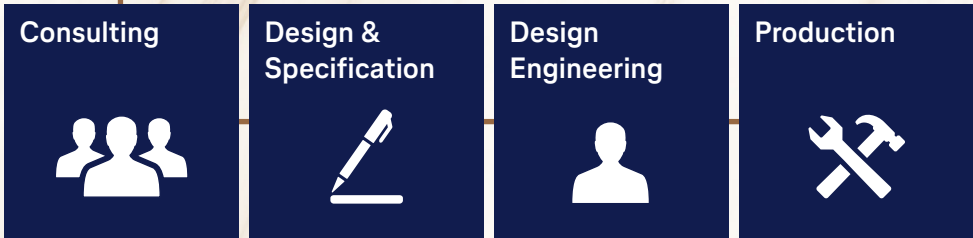

# Entire Lifecycle Support

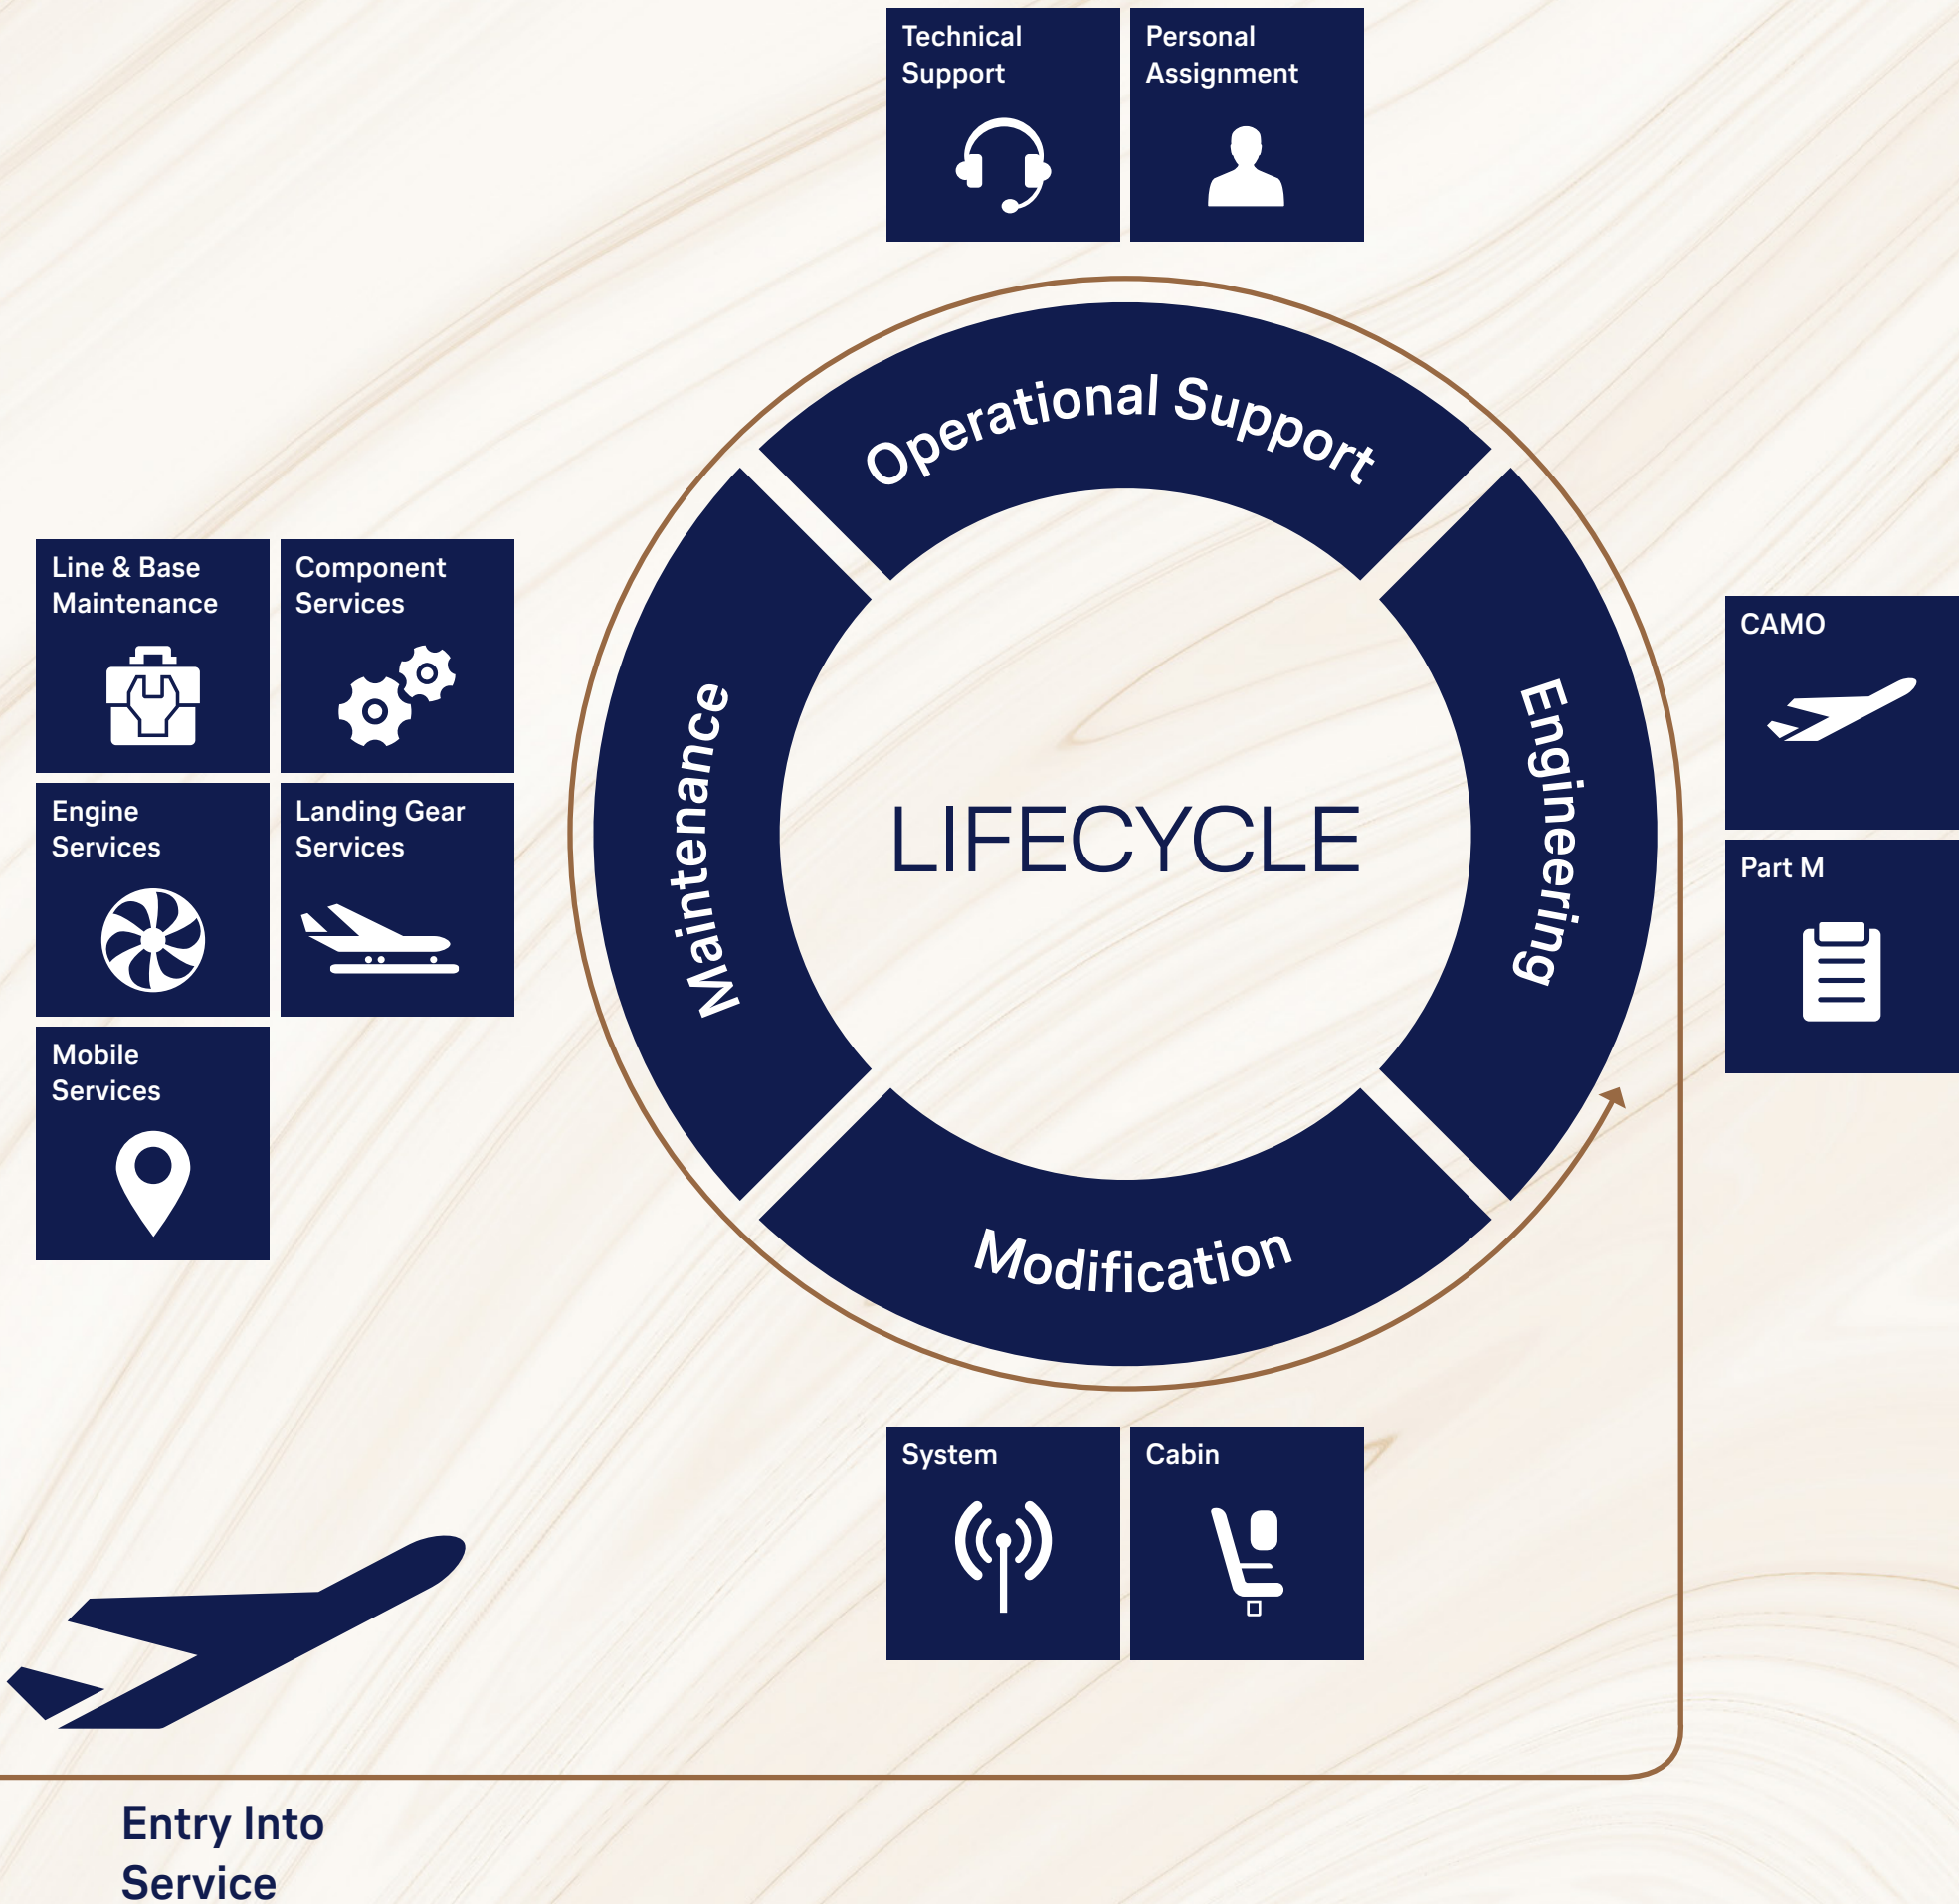

Owning a private aircraft is the ultimate expression of freedom and independence. But in order to maintain mobility, various regular checks and legal requirements must be fulfilled. As the world’s most renowned MRO provider, we offer you first-class engineering over the entire life span of your private jet. You decide whether you prefer to rely on our decades of experience on a flat rate basis or on demand. No matter which option you select: Our worldwide support network keeps your aircraft ready to take to the skies when you are.

## Completion & Conversion

PERSONALITY  
BEGINS WHERE  
COMPARISON  
ENDS.
