

ONE Price Per Day

Keep your costs predictable

Simplifying your maintenance experience

Traditional maintenance pricing often means tracking billable hours and navigating endless contract negotiations, creating unnecessary administrative effort. That's why we've introduced a new pricing model: a simple, flexible daily rate for your aircraft maintenance services. Just book your slot and benefit from our One Price Per Day approach.

01 Customer proposal request

02 Lufthansa Technik One Price Per Day Offer

within 48 hours of request

03 Slot reservation and contract

Post-contract signing

- Customer workpack, Lufthansa Technik quote and layover plan
- Final fixed price and A/C induction

Enjoy the same exceptional service with a pricing structure that is transparent and easy to manage. Get in touch today to learn more about our daily rates and how they can benefit your business.
