

## APPROVAL CERTIFICATE

EASA.21J.019

Pursuant to Regulations (EU) 2018/1139 and (EU) 748/2012 and subject to the conditions specified below, the Agency hereby certifies

### **Lufthansa Technik AG**

**Weg beim Jäger 193  
22335 Hamburg  
Germany**

**as a DESIGN ORGANISATION**

**approved according to Part 21, Section A, Subpart J.**

#### **CONDITIONS :**

1. The approval is limited to that specified in the enclosed Terms of Approval, and
2. This approval requires compliance with the procedures specified in the Integrated Management Manual of the Lufthansa Technik Group, the Supplement No. 101, and the related processes of the Process-Oriented Integrated Management System IQ MOVE (ProX), in the latest revision, and
3. This approval is valid whilst the approved Design Organisation remains in compliance with Part 21, Section A, Subpart J.
4. Subject to compliance with the foregoing conditions, this approval shall remain valid until surrendered or revoked.

**For the European Aviation Safety Agency,**

## **Terms of Approval**

### **Design Organisation Approval Certificate**

### **EASA.21J.019**

#### **1 Scope**

This Design Organisation Approval is applicable for the scope defined in Annex A for design work with regard to the airworthiness, operational suitability and environmental characteristics of the products.

#### **2 Privileges**

- a) (Reserved)
- b) (Reserved)
- c) The holder of this design organisation approval shall be entitled, within the scope of this terms of approval, and under the relevant procedures of the design assurance system:
  - 1. to classify changes to a type-certificate or to a supplemental type-certificate and repair designs as "major" or "minor";
  - 2. to approve minor changes to a type-certificate or to a supplemental type-certificate and minor repair designs;
  - 3. (Reserved);
  - 4. (Reserved);
  - 5. to approve certain major repair designs under Part 21, Section A, Subpart M to products or auxiliary power units (APUs);
  - 6. to approve for certain aircraft the flight conditions under which a permit to fly can be issued in accordance with point 21.A.710(a)(2), except for permits to fly to be issued for the purpose of point 21.A.701(a)(15);
  - 7. [not applicable];
  - 8. [not applicable];
  - 9. [not applicable].

Terms of Approval 21J.019  
Issue 10, 06 October 2022

Lufthansa Technik AG

### 3 Obligations

The holder of this design organisation approval shall, within the scope of this terms of approval:

- a) maintain the handbook required under point 21.A.243 in conformity with the design assurance system;
- b) ensure that this handbook or the relevant procedures included by cross-reference are used as a basic working document within the organisation;
- c) determine that the design of products, or changes or repairs thereto comply with the applicable specifications and requirements and have no unsafe features;
- d) provide the Agency with statements and associated documentation confirming compliance with point (c), except for approval processes carried out in accordance with point 21.A.263(c);
- e) provide to the Agency data and information related to the actions required under point 21.A.3B;
- f) under the privilege of paragraph 2(c)(6), determine the flight conditions under which a permit to fly can be issued;
- g) [not applicable];
- h) designate data and information issued under the authority of the approved design organisation within the scope of its terms of approval as established by the Agency with the following statement: "The technical content of this document is approved under the authority of the DOA ref. EASA. 21J.019".

Date of issue: 06/10/2022

Pablo ANTÓN JORNET  
Delegated DOA Team Leader

## Annex A

### Scope of work

		TC	STC	major changes	minor changes	major repairs	minor repairs	flight conditions	permit to fly
Large and small aeroplane									
Avionics									
	All areas								
Cabin									
	All areas								
Electrical Systems									
	All areas								
Environmental Control Systems									
	All areas								
Flight									
	Flight characteristics								
Hydro-Mechanical Systems									
	All areas								
Powerplant and Fuel Systems									
	All areas								
Structures									
	All areas								
Turbine and piston engine, APU									
Propulsion									
	All areas								

#### Legend:

	Title for category of product
	Title for design scope
	Title for design area

	Within scope
	Outside scope

Terms of Approval 21J.019  
Issue 10, 06 October 2022

Lufthansa Technik AG

## List of products

Not applicable.

## Limitations

### Limitations common to all products and activities

1. The privilege to approve the flight conditions supporting permits to fly is restricted to the technical capability defined in the scope and excludes flight conditions for initial flights of a new type of aircraft, or an aircraft modified by a change that is or would be classified as a significant major change, or an aircraft whose flight and/or piloting characteristics may have been significantly modified.
2. Development of Operational Suitability Data excludes the OSD constituents Simulator Data and Maintenance Certifying Staff Data.
3. The privilege under paragraph 2(c)(5) is limited to the approval of the design of major repairs to products for which it holds the supplemental type-certificate.
4. The discipline of Flight Characteristics is limited to the application of riblet foil on fuselage and engine nacelles, as well as the installation of common radomes.
