FLYING BAREFOOT IN THE MIND

A220

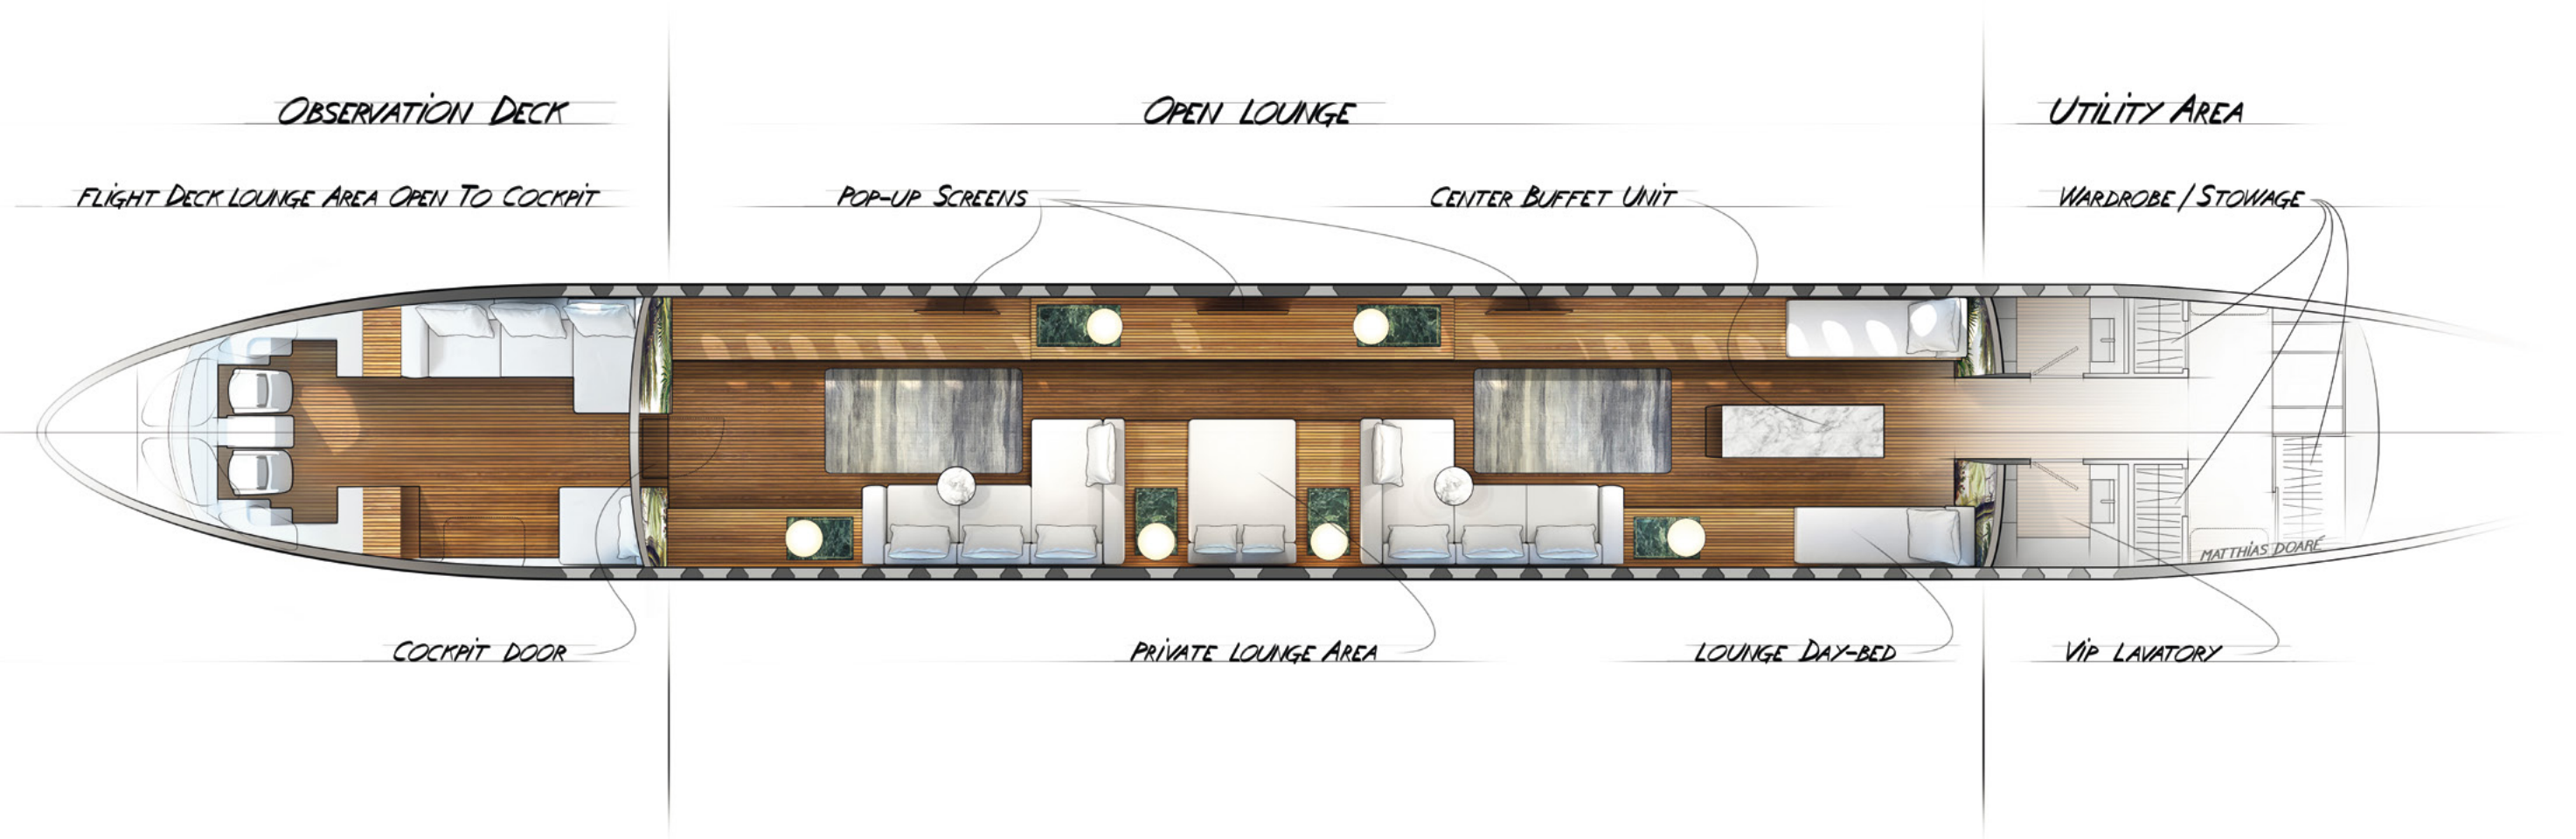

YACHT FEELING ABOVE THE CLOUDS

Welcome to SkyRetreat, our latest design for the Airbus A220. It translates the travel experience of a luxury yacht into a never-before-seen aircraft interior. Wooden decking, spacious design, and the latest technical features create an atmosphere of pure relaxation. Lean back and enjoy the feeling of a luxury boat trip or an exclusive beach club – at 41,000 feet.

THE GREAT WHITE OPEN

True relaxation calls for a reduction to the essentials. This is why we eliminated every unnecessary element in the cabin interior. The materials used are reduced to a minimum, contributing to a calm and restful travel experience. The spacious ambience is enhanced by the simple division of the cabin space into three zones: a variable utility area at the rear, a spacious and open lounge, and our revolutionary observation deck at the front.

Lufthansa Technik

ENDLESS NEW HORIZONS

Experience the fascination of flying in the front row. For SkyRetreat, we created an observation deck that breaks down the barrier between pilot and passenger. Feel like a member of the pilots' team while enjoying the stunning view from our extended cockpit zone. And even if you leave your front seat, you still appreciate the unique observation deck through the sun's rays that bathe the whole cabin in natural light.

Lufthansa Technik

An artistic illustration of the Lufthansa SkyRetreat cabin interior. The space is a curved, tunnel-like structure with a wooden plank floor and a curved ceiling with recessed lighting. Large, arched windows on the sides offer a view of a tropical landscape with palm trees. In the center, a woman in a purple dress stands behind a long, low table with a glass top, which holds a bucket of champagne, a tray of snacks, and several glasses. To the left, a man in a yellow shirt sits on a white cushioned bench. To the right, a woman in a blue dress sits on a similar bench, holding a glass of champagne. A small, round, white table with a marble top is in the foreground, also holding a glass of champagne. The overall atmosphere is one of luxury and relaxation.

DEPART FROM THE ORDINARY

With SkyRetreat, travelling to your destination becomes the best part of your journey. Our open space concept enables a highly versatile and individual use of the cabin, offering you even more possibilities to enjoy your flight time. Even the interior fittings adapt to your needs. The buffet element can, for example, be used for drinks and catering as well as for technically demanding multimedia applications.

Lufthansa Technik

An illustration of a futuristic airplane cabin interior. A woman with long blonde hair, wearing a green dress and a head-mounted display, stands at a large, rectangular, interactive table. She is touching a circular interface on the table. The table displays various digital elements, including a waveform, a circular graphic, and the text 'SUN RA' and 'CUE'. A man in a blue shirt and dark pants is lying down on a large, white, cushioned surface next to the table. The cabin walls are curved and feature several oval windows. The floor is made of dark wood planks. The overall atmosphere is modern and high-tech.

ENJOY THE MIX

A cocktail is not the only mix our buffet has to offer. With just a touch of a finger, its surface is transformed into a pair of turntables – and your cocktail zone becomes a chill-out lounge or even a party area. All this is made possible by a smart interactive surface that enables you to display anything you can imagine on a screen – whether it is a game of chess, a movie, or important business data.

Lufthansa Technik

An illustration of a man and a woman relaxing on a private aircraft lounge. The woman is lying down on a white cushion, wearing a purple dress, while the man sits behind her in a light blue shirt and dark trousers. They are in a modern, curved cabin with wood-slatted walls and floors. A large screen on the right shows a sailboat, and a yellow spherical light fixture is visible in the background.

WHATEVER SUITS YOU

Do you prefer to relax in your private aircraft and enjoy a movie alone? Spend quality time with your family? Celebrate with your friends? Or perhaps arrange an important business meeting while flying to your next destination? SkyRetreat has been designed to meet all of these wishes in one luxurious space.

NATURE MEETS TECHNOLOGY

The nature-inspired design is dominated by the distinctive wooden flooring and the upper cabin section, which is intended to open the ceiling with a pure and restrained stylistic language. The numerous technical features in the interior are discreetly integrated into the design. State-of-the-art equipment such as 4K displays, smart touch surfaces, mood lighting, and the latest connectivity solutions are always within easy reach, ready to satisfy your personal needs.
