

# Air Agency Certificate

(Repair Station Certificate) - شهادة محطة إصلاح

**KINGDOM OF SAUDI ARABIA**  
**GENERAL AUTHORITY OF CIVIL AVIATION**

**Certificate Number**

**AMO-114FJ**

**This Certificate is Issued to**  
**Lufthansa Technik Budapest**  
**d/b/a: LTB**

**Address and Contact information**  
**Budapest Ferenc Liszt International**  
**Airport, 1185 Budapest,**  
**Hungary**

**This certificate unless**  
**cancelled, suspended, or**  
**revoked shall continue in**  
**effect until**

**30 APR 2027**

Upon finding that its organization complies in all respects with the requirements of the General Authority of Civil Aviation Regulations relating to the establishment of an Air Agency, and is empowered to operate an approved Repair Station under **GACAR Part 145** with the following rating:

**Limited Airframe**  
**Limited Instrument**  
**Limited Radio**  
**Limited Accessories**  
**Limited Nondestructive Inspection, Testing, and Processing**

Subject to the conditions and limitations specified in the Operations Specifications.

This certificate is not transferable and any changes in the basic facilities, or in the location thereof, must be immediately reported to the appropriate office of the General Authority of Civil Aviation.

(**Note:** All foreign-based aircraft repair stations or aircraft maintenance organizations with Part-145 approval from GACA must hold a valid repair station certificate issued by the FAA, EASA or by the local National Aviation Authority (NAA) of the ICAO contracting state where the repair station is located. The validity of the GACA approval, in addition to the expiration date given on the certificate, is contingent on the ongoing validity of the NAA or FAA, EASA approval. In case the FAA, EASA or NAA approval expires, is surrendered, or revoked, the GACA approval will also be considered terminated, effective from the same date the FAA, EASA and/or NAA approval becomes invalid.)

**Date of Issuance**

**28 APR 2026**

سليمان

**Abdulaziz A. Al Duailej**

**The President of General Authority of Civil Aviation**

## OPERATIONS SPECIFICATIONS

### A7. REPAIR STATION MANUAL

a. The Repair Station Manual (RSM) listed in Table 1 below which has been prepared by the certificate holder under GACAR §§145.87 and 145.89 has been accepted by the President. Certain specified content of the manual has been approved by the President. The certificate holder is authorized to use the accepted manual subject to the conditions and limitations prescribed in this operations specification.

**Table 1 – Accepted Repair Station Manual**

Repair Station Manual	Revision
<b>RSM</b>	<b>Initial issue As revised and accepted by the GACA</b>

b. Approved Content: The following content of the RSM has been approved by the President.

c. The Quality Control Manual listed in Table 2 below which has been prepared by the certificate holder under GACAR §145.91(c) has been accepted by the President. The certificate holder is authorized to use the accepted manual subject to the conditions and limitations prescribed in this operations specification.

**Table 2 - Accepted Quality Control Manual**

Quality Control Manual	Revision
<b>QCM</b>	<b>Initial issue As revised and accepted by the GACA</b>

---

## OPERATIONS SPECIFICATIONS

---

- d. Limitations: Unless otherwise permitted under manual revision procedures approved by the President, all revisions to the accepted content of these manuals must be accepted by the President prior to its promulgation and use.
- e. Emergency Revisions. For safety reasons, a certificate holder may find it necessary to immediately revise accepted material in the Repair Station Manual before there is an opportunity to coordinate the revision with the PMI. For example, a certificate holder may become aware of a deficiency after business hours, on a weekend, or on a holiday. When emergency revisions to material are made, the certificate holder must notify the PMI of the revision at the earliest practical opportunity (preferably the first working day after the action).
