Hygiene rules of
Fraunhofer Institute FOKUS

A
People with symptoms of a COVID-19 infection like cough, fever, cold or a sore throat may not enter the institute building. People with these symptoms must leave the building immediately.

B
People in contact with persons with such symptoms may not enter the building either. This applies especially for contacts to suspected or confirmed cases of infection or quarantine or isolation measures.

C
To visit the institute, the 3G rule applies. Admission is granted only to persons who are either fully vaccinated, tested (negative Rapid Antigen test, not older than 24 hours, or have tested negative in a PCR test for corona virus, no more than 48 hours old) or have recovered from Corona.

D
We recommend visitors that they test themselves, either at a testing center or at FOKUS, even if they are vaccinated or recovered. Rapid Antigen tests are available in the designated self-testing area. Please allow at least 20 minutes for on-site testing.

Further information about the symptoms of COVID-19 disease can be found at the Federal Centre for Health Education.
Greetings with a handshake, hugs or similar physical contact should be avoided.

A minimum distance of 1.5 m to other persons must be observed.

The distance and mask obligation applies in all rooms of the institute.

External participants or those who wish to change their mouth and nose protection will be provided with the same.

The marking of thoroughfares must be complied with.

Elevators may only be used individually. This requires wearing mouth and nose protection.
7 Disinfectants will be available at the reception area.

8 Wash your hands regularly, sneezing and coughing etiquette, etc. must be observed.

9 WC areas may only be used by one person at a time. WC areas may only be entered, if the automatic lighting is off.

10 Meetings are only permitted in designated meeting rooms.

11 The existing seating arrangement in meeting rooms may not be altered.
